

**Associate / Full Professor - Head, Division of General Internal Medicine
Department of Medicine, Sunnybrook Health Sciences Centre, University of Toronto,**

The Division of General Internal Medicine, Sunnybrook Health Sciences Centre and the Department of Medicine, Faculty of Medicine, at the University of Toronto are seeking an Academic General Internist to lead a vibrant and productive Division of General Internal Medicine. The successful applicant must be eligible for a full-time clinical academic appointment at the rank of Associate or Full Professor at the University of Toronto. It is expected that the position will be approximately 40% clinical and 60% research/teaching/quality improvement/administrative. Expected start date is September 2020 or shortly thereafter.

The successful candidate will have a track record of leadership, and will be expected to help lead the Division in its participation in the [North Toronto Ontario Health Team](#). The successful candidate will be expected to lead the division in its research agenda, currently focused on medical education, quality improvement, and health services research. The successful candidate will be expected to lead the division in its mandate to deliver excellence in education at the undergraduate, postgraduate, and fellowship level, including the ongoing implementation of competency based medical education. The successful candidate will participate in the clinical, educational and research activities of the Division of General Internal Medicine at Sunnybrook.

The successful candidate must hold an MD degree, have or be eligible for certification in Internal Medicine by the Royal College of Physicians and Surgeons of Canada, and have or be eligible for licensure in Ontario.

The ideal candidate will be a leader and mentor, with established skills in the areas of clinical care, administration, education and/or research, clinical innovation and implementation, and change management. They will have demonstrated clinical and scholarly impact in clinical service delivery and patient safety through innovative clinical program development and evaluation that includes incorporation of health information technology as both a clinical tool and mechanism to optimize quality improvement and program evaluation.

Estimated compensation will be in the range of \$250,000- \$275,000 commensurate with qualifications and experience. Applications will be accepted until filled. The first round of reviews is expected to start on June 10, 2020.

A curriculum vitae and names and addresses of three (3) referees should be sent to:

Dr. Michelle Hladunewich, Physician-in-Chief
Department of Medicine, Sunnybrook Health Sciences Centre
Room D474, 2075 Bayview Avenue,
Toronto, Ontario, Canada, M4N 3M5
or by e-mail to: dompicadmin@sunnybrook.ca
